

ILOMA wallmounted umbrella M5

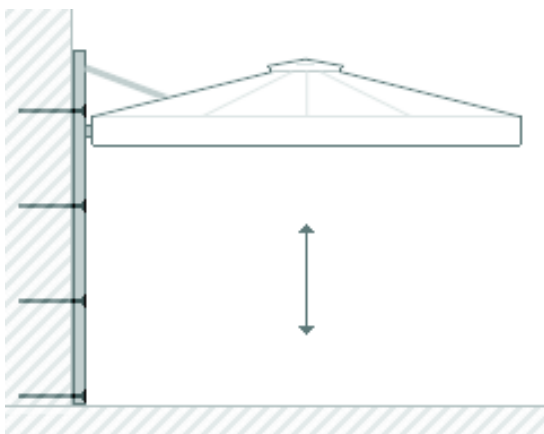

ILOMA wall mounted umbrella M5

The perfect umbrella for balconies or smaller patios: This especial umbrella is attached to a sophisticated telescopic mechanic made of finest aluminium and stainless steel, which can be manhandled effortlessly in any desired position.

The M5 umbrella is available in round or square shape, this way you can find the perfect match for your space.

- » Easy to use with crank arm and sliding mechanics
- » Weather-fast, waterproof, coated polyester fabric, apx. ½ oz / sq. foot
- » Light-fastness 6-8 (DIN 54004), grammage: 160 g/m² (Polyester canopies)
- » Light-fastness 6-8 (DIN 54004) grammage: 200 g/m² (Airtex canopies)
- » Removable canopy with valances and hemmed, waterproof seams
- » Save standing position up to windforce 5
- » **Frame color:** anodized aluminum silver
- » **Ideal side post umbrella for balconys or street cafes**

For the ILOMA M5 wallmounted umbrella there is no need for a base: the side arm runs in a wallmounted slide. This way the umbrella does not block any space on your balcony!

In closed mode the compact construction only needs very little space. The ILOMA M5 wallmounted umbrella is available in round shape with 250cm diameter, and in square shape with 250cm or 300cm side length.

If you need to cover larger spaces, you can mount several umbrellas beneath each other.

The walkthrough clearance is freely adjustable.

ILOMA wallmounted umbrella M5

The umbrella 80 x 80 mm pole is stable bolted to the wall. With this construction, the IloMA wall mounted umbrella is an ideal alternative to conventional marquees.

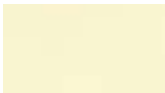

The sophisticated crank arm and sliding mechanics allows to open and close the large side post umbrella with hardly any effort. it takes only about ten crank-turns to open or close the umbrella.

The pass line height can be easily adjusted individually. After this a pin-bolt secures the slider on the pole.

Canopies for the ILOMA side post umbrella M5 are available in the following colors:
